

FIFTH ARMY SEIZES THREE MILES OF VITAL HIGH GROUND DOMINATING CAPUA HIGHWAY AND RAILROAD

Lt. Gen. Clark's Yanks Drive Dangerous Wedge Into Enemy Lines and Threaten to Outflank the Nazi Troops North of Volturno River Mouth

(By International News Service)
ALGIERS, Oct. 25—American troops of the Fifth Army were revealed today to have seized three miles of vital high ground dominating the highway and railroad from Capua to Rome.

Seizing the town of Sparanise, Lt. Gen. Mark W. Clark's Yanks drove a dangerous wedge into enemy lines and threatened to outflank Nazi troops holding a canal a few miles north of the Volturno River mouth, on the Tyrrhenian Coast.

Gen. Dwight D. Eisenhower's headquarters announced that British troops of the Fifth Army facing the Nazis on the west coast are inching slowly forward in a frontal push against the Nazis' Massico Ridge line.

On the Adriatic coast, Gen. Sir Bernard Montgomery's British 8th Army was disclosed to have improved their newly won bridgeheads across the Trigno River and made steady progress all along the front.

Front dispatches indicated that American troops of the Fifth Army's right wing had driven to within 16 miles of Venafro, inland anchor base of the German Massico Ridge line, and are nudging steadily forward in a drive threatening to unhinge the Nazis' southern defenses of Rome.

Three Dead As Result Of Gas Works Explosion

EASTON, Oct. 25—Three persons were dead and damage estimated at half-a-million dollars today lay in the wake of an explosion and six-hour fire which swept through the Metropolitan-Edison Company's gas works in Easton.

The Sunday blast wiped out a large part of the gas works, leaving more than 75,000 inhabitants of Easton, Phillipsburg, N. J., and their environs without gas for cooking, heating and industrial purposes. In addition, 34 persons were injured, 200 residents of 25 badly-damaged houses were homeless and many war plants and restaurants were affected by the lack of gas.

The cause of the detonation has not been determined, but city authorities have discounted the possibility of sabotage. The FBI, however, was continuing its investigation.

The death toll rose to three this morning when Floyd Tramsue, 41-year-old father of eight, died of burns. A resident of Easton, he was employed as a fireman at the plant.

BATTLE VETERAN ON LEAVE

William M. Potts, Jr., Engineer's Mate, son of Mr. and Mrs. William N. Potts, of Newportville Heights, is home on a 30-day leave, after being in action during the Sicily invasion. The ship to which he was attached was sunk by a dive bomber during the action, and Potts is one of the survivors.

UNION CITY—(INS)—Dell Davis Davids, 72, was killed by his own cottage. It collapsed upon him when he crawled underneath to adjust some timbers, preparatory to moving it.

**William F. Carson, 77,
Of Linden Street, Dies**

At the age of 77 years, William F. Carson, husband of Amelia Carson, died at his home, 557 Linden street, late Saturday evening.

Born in Hulmeville, Mr. Carson had made Bristol his home for many years. He had been ill for the past several weeks.

Lodges with which he was affiliated are Hopkins Lodge, No. 87, I. O. O. F.; Mount Ararat Encampment, No. 93, I. O. O. F.; and Bucks Lodge, No. 1169, L. O. O. M.

Members of these organizations, as well as relatives and friends, are invited to attend the service from his late residence, on Wednesday at two p. m. The Rev. W. E. Preston Haas, pastor of Bristol Methodist Church, will officiate. Burial will be in Bristol Cemetery, with Harold H. Haefner, funeral director, in charge. Friends may call Tuesday evening.

In addition to his wife, Mr. Carson is survived by three children.

Concert Campaign To Continue A Few Days

The campaign for memberships in the Bristol Co-operative Concert Association is to continue for a few days, members of the committee announced this morning.

Memberships may be secured by any individuals interested, at the headquarters of the association, the McCrory store, Mill and Wood streets.

The reason for extending the campaign, the committee advises, is due to the fact that a number of people interested could not be contacted last week due to gasoline rationing, and that new residents of this territory were not very familiar with the concert program.

EXPLAINS PURPOSE OF COUNTY WAR FUND

Drive for Finances to Get Under Way in Bucks County

MONEY BADLY NEEDED

The Bucks County War Fund, in co-operation with the National War Fund, is about to launch a drive to raise its share of the \$125,000,000 needed to carry on the work of the 17 War Agencies who are giving help in every corner of the globe.

Just what is this drive supposed to represent, you ask. President Roosevelt put it this way: "The National War Fund, like all essential parts of our war effort, must be maintained."

Bucks County Government:

HIGH EFFICIENCY IN THE "ROW" OFFICES BROUGHT ABOUT UNDER REPUBLICAN ADMINISTRATION

Improvements Made in Recording System Considered Biggest in Court House in Years—Recorder's Office is One of Busiest in The County Building.

Ask anyone what the biggest improvement has been in the Bucks County Court House in recent years, and the answer will be the new index and filing system in the office of the Recorder of Deeds.

This "Row" office is headed by the chief of the department, Recorder of Deeds Frederick W. Randall, of Bristol. There are also Deputy Recorder John W. Cooper, chief-clerks and clerks numbering an additional 12 employees. And it's one of the busiest places in the Court House.

Through the careful management of the Republican administration in Bucks county over a period of years, the various Court House "Row" offices have been built up to efficient operating units that compare with the largest counties in the State.

This is especially true of the Recorder of Deeds office headed by Mr. Randall. Starting in 1941, with experts in charge, the "Russell Index System" was placed in this office. This involved the careful scrutinizing of every book in the office—and they number more than 2,000. Information was taken in card index form first and then taken to Pittsburgh, the home offices

Lt. John F. Evans has returned to camp after a ten-day furlough at the home of his parents, Mr. and Mrs. John D. Evans, Riverview avenue, Edgely. Lt. Evans received his "wings" when he graduated as a pursuit pilot at Mission Field, Texas. He also received a reserve commission in the Air Corps.

He was known as "Jack" Evans to his friends when he played football on the Bristol high and St. Ann's teams.

Lt. Evans is a graduate of Bristol high school, class of 1937. He enlisted in the army January 26, 1940.

HERE AND THERE IN BUCKS COUNTY TOWNS

Activities of Interest To All In The Various Communities

GLEANED BY SCRIBES

The meeting of the Lower Bucks County Extension Club was held in Newtown high school last week with approximately 30 members in attendance, and with the president, James Howes, in charge.

The possibilities of holding a dance in December were discussed. It was proposed to give the proceeds to the Red Cross. A committee was appointed to look into the matter. This includes Kenneth Wilson, Edith Farley, Jean Luff and William Rowe.

A committee to take charge of music at the next meeting includes Josephine Streland, Charles Lowmes, Eugenia Tomlinson and Dorothy Sheese. James Pickering was appointed on the recreation committee.

Miss Mary Jacoby, home economics director of Bucks county, spoke on etiquette and showed several pictures.

The next meeting at the Farley home, Langhorne, will feature a Halloween party.

Carrying out the idea that has often been advocated, that of teaching children local history, Assistant County Superintendent Paul L. Gruber, Perkaskie, gave the approximately 50 persons attending the meeting of the Doylestown Township.

ACID LEAKS FROM CAR

Firemen were called yesterday morning when a tank car on the P. R. R. started to leak acid. The car was in the vicinity of the P. R. R. scales. An employee of the Penna. Salt Co., Cornwells Heights, was summoned to stop the leak.

BUCKS COUNTY FINANCES

Ever since the history-making days of William Penn, Bucks County has been one of the most progressive political subdivisions in the United States. The birth of the Republican Party in 1856 created a new era of human progress incorporating many of the constructive principles of government laid down for us by the far-seeing founder of this great sovereign state.

The people of Bucks County have every reason to believe in the Republican doctrine of good, economical government for under its stimulating influence they have found security and contentment. Our fertile farms and industrial plants are among the finest in the land. They are doing a superb job of war production. They will continue to spin the fabric of productive usefulness when peace comes again.

Through the years, our county government has acted wisely in the public interest. Our schools, churches and public institutions are a monumental tribute to the kind of leadership by which the Republican Party has helped to make Bucks County self-reliant and eminently qualified to cope with any problem which might arise to test the courage, initiative and resourcefulness of our people.

The financial status of county government has averaged consistently better than other counties in the same population class. Bucks County's bonded indebtedness as of January 1, 1943 was \$64,000 which is remarkably low even when it is compared with the best county credits in the country. As further evidence of Republican efficiency, the 1943 audit disclosed a cash balance of \$86,000 in the general fund alone. This, together with monies accumulated in the sinking fund and a balance of \$12,000 in the Institution District, would be more than enough to pay off the bonded debt if due.

According to Pennsylvania's Department of Internal Affairs, the average bonded debt for each county in this Commonwealth is \$2,375,000 against Bucks County's \$64,000. This extraordinary showing not only proves that our county government has been well managed without recourse to heavy borrowing but that we have been spared the necessity of making an annual provision for heavy interest and sinking fund charges.

How does this compare on a national scale with other counties, which like Bucks County, have a population of more than 100,000?

A survey conducted in 1940 by the United States Department of Commerce revealed that only 18 counties out of 170 in the entire nation had a lower bonded debt than Bucks County. It is also significant that these debt figures did not include temporary loans and that at least two of the counties that had no bonded indebtedness had short term loans in excess of Bucks County's total debt!

The total debt of the 170 counties reviewed in the Department of Commerce report amounted to \$1,031,621,000 or an average debt of \$6,068,000. This means, in plain language, that the average debt of counties listed in the nation-wide survey WAS APPROXIMATELY 93 TIMES THE DEBT OF BUCKS COUNTY!

Bucks County, which has a smaller bonded debt than any other fifth class county, also has a bonded debt less than half the average indebtedness of the seventh class counties which run from 20,000 to 50,000 population. The Department of Internal Affairs, in its report, balanced Bucks County's bonded and floating debt against its sinking fund accumulation, tax

Mother of Colored Man Burned To Death Brings Legal Action

BEGIN OTHER SUITS

DOYLESTOWN, Oct. 25—Suits has been started in the Court of Common Pleas of Bucks County to recover \$25,000 damages from Edward Olin Mastin, Richland township, for the death of Willis Cooper, 25, Negro, burned to death on August 18, 1943, in a fire that destroyed a barn belonging to Mastin.

The suit was brought by Henrietta Cooper, Cecilia, Georgia, mother of young Cooper and administratrix of his estate.

In the fire in which Cooper lost his life, a woman was also fatally burned and five others injured. The barn was used as living quarters by about 65 Negroes brought from the South by Mastin to work on picking the tomato crop. Mastin was found guilty of involuntary manslaughter by a jury in the

LATEST NEWS BULLETINS

Rumor Early Collapse of the German Home Front

London—Reports flowed into London from a dozen sources today stressing the possibility of an early collapse on the German home front. British officialdom continued to caution against Allied over-optimism. Adolf Hitler still has many resources to fall back on, they pointed out. But the fact remains that all neutral capitals, including Ankara, Stockholm and Berne, are hearing daily that German home front morale is crumbling and that Hitler himself is now beginning to feel the impact of Benito Mussolini's overthrow and the Italian declaration of war against Germany.

U. S. Fliers Attack Targets in Southern Austria

Algiers—An attack by American Flying Fortresses and Liberators on targets in southern Austria was announced today.

Although no details of the raid or its results were given in the official communique—other than that the bombers were from North African bases and that heavy clouds made observation of results difficult—Axis radio reports furnished additional information.

The Axis broadcasters said the principal target was Styria, called the Ruhr of Austria. Axis reports said Danube Valley points in Hungary also were attacked. The enemy broadcasts claimed 300 American bombers escorted by 200 long-range fighters carried out the raid.

British Mosquito Bombers Pound Ruhr and Rhineland

London—Speedy British Mosquito bombers were disclosed today to have pounded the Ruhr and Rhineland of western Germany without a loss during the night.

The night operations, which also included the mining of enemy waters, came in the wake of a furious daylight offensive in which fleets of Allied war planes pounded Hitler's Europe from both the west and south.

An official Algiers communique confirmed Axis reports that southern Austria was bombed yesterday. Britain-based American Marauder bombers in great strength simultaneously stabbed into the continent as far inland as the Paris-Amiens region of France.

Bensalem Couple Take 100-Mile Saddle Trip

CORNWELLS HEIGHTS, Oct. 25—Mr. and Mrs. Philip G. Mack enjoyed a four-day, 100-mile saddle trip last week.

The Macks' journey was to Milford Township, near Quakertown, where they visited their cousins, Mr. and Mrs. Oscar S. Rosenberger. Leaving their home here on Monday morning the Macks slept that night at Naceville, resuming the trip on Tuesday to Milford Township.

After their visit with the Rosenbergers they saddled their horses at 11 on Wednesday morning, and started homeward, stopping overnight at a half-way point. They reached home Thursday evening.

Samuel Crowthers Dies; Was 91 Years of Age

Samuel Crowthers, who underwent a major operation at the age of 91 years, surviving four weeks after said operation, died in Abington Hospital, yesterday.

Mr. Crowthers, who had since last March resided with his son-in-law and daughter, Burgess and Mrs. Jacob C. Schmidt, is survived by two daughters, two sons, 29 grandchildren, 20 great grandchildren, and one great-great-grandchild.

Mrs. Schmidt, of Bristol; Mrs. Edith Riley, Gloucester Heights, N. J.; Raymond Crowthers, of Andalusia; and Clarence Crowthers, of Sikeville, N. J., are the daughters and sons who remain.

Mr. Crowthers was the husband of the late Anna Crowthers. After his retirement from active work in March at the age of 90 years, he came here from Torresdale to make his home. He was a member of All Saints' Episcopal Church, Torresdale.

The service will be held at the funeral home of Robert C. Ruehl, 314 Cedar street, on Wednesday afternoon at two o'clock. Burial will be in All Saints' Cemetery, Torresdale. Friends may call Tuesday evening.

Surprise Mrs. Buchanan On Her Anniversary

CROYDON, Oct. 25—A delightful surprise party was given Mrs. Flora Buchanan on Thursday evening, when friends from Croydon and Philadelphia arrived to celebrate her birthday anniversary.

NO ARREST MADE

Ely Has Compound Fracture of Left Leg, Concussion of Brain

Charles Ely, of Langhorne R. D. No. 2, is in a serious condition in St. Francis Hospital, Trenton, N. J., as the result of injuries suffered when struck by a car on the Lincoln Highway last evening.

Ely, who is 63 years of age, sustained a compound fracture of the left leg, concussion of the brain, and has body lacerations.

The driver of the car was Aaron Feinstein, of W. Columbia avenue, Philadelphia. Feinstein was traveling east on the highway when it is stated that Ely attempted to cross from the north to the south side of the highway, about five miles west of Morrisville.

Pvt. Sauer, of Pennsylvania State Police, South Langhorne barracks, investigated. No arrest was made, the officials awaiting outcome of Ely's injuries.

The Feinstein car was also damaged at the left headlight and hood.

The injured man was removed to the hospital in the ambulance of Bucks County Rescue Squad, Croydon. The accident occurred at 8:25.

HOUSING OUTLOOK

Residential construction in the postwar years is expected to be of record proportions. That is because a major part of the government's war housing is temporary and scheduled for dismantlement soon after the firing ceases.

The government has completed approximately 704,000 residential units since the summer of 1940 to accommodate workers shifted to cities where adequate housing was not available. Fewer than a third of these units are of permanent construction.

More than two-thirds of them are destined to be scrapped within two years after the armistice unless the Federal Housing Administration orders otherwise. Some areas will desire to keep these structures indefinitely. Southern California, where the weather is equable, may keep its war housing in permanent service.

But it is estimated that there will be a demand in the United States for 800,000 housing units a year for the ten postwar years. The record of American construction was 927,000 in 1925.

SOFT PEDAL FOR HALLOWEEN

Halloween formerly was what its name implies, an eve. It has become a week! Sometimes even a fortnight before the witches are supposed to go on a bender, the horse-play begins.

The most innocent pranks become tiresome after a time, even to the perpetrators. When they tend toward vandalism, they become intolerable. That goes for any year, but this year there are special considerations which require parents to put a curb on the mischievousness of their offspring.

America is at war. To win victory on the battlefield she must be victorious on the production front. The output of war industries depends on the skill and physical fitness of individual workers. The workers cannot be fit, cannot maintain their skill, unless they have adequate rest, and the best rest is sleep.

Even without prodding from their parents, patriotic youngsters will do nothing to disturb the sleep of war workers—not even for Halloween. In these times people work all hours and someone is disturbed by every unusual noise. Even the ringing of doorbells can deprive some worker of his rest.

ECHOES OF THE PAST

Review of the news as it appeared in the Bucks County Gazette issue dated at Bristol March 9, 1882. The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

At the Bristol Seminary on last Thursday evening, a musical soiree was given by the pupils of the school, at which a number of invited guests were present.

It will not be a long period of time before the Pennsylvania Railroad will have the four tracks between Philadelphia and New York. The work between Trenton and Schenck's station is progressing very rapidly. In Bristol the laying of the new tracks will make important changes in some of the property along the line of the road below the canal bridge. Men have been at work for several weeks preparing for laying the foundations for a new bridge across the canal, and have got so far along as to be laying the stone to form the abutments. The tracks will be straightened wherever possible, and it is not at all likely, unless a change is made in the plans that the new tracks will run in front of the station the same as the old ones.

Explains Purpose Of County War Fund

Continued From Page One

be given prompt support toward its goal. As commander-in-chief, I ask all our people to remember this . . . that a share in the National War Fund is a share in winning the war.

Or, put in story form, the National War Fund can be explained this way. Suppose you took a trip around the world. You land first, let's say, in Athens. You're walking down the street. A sick child collapses before your eyes. If, in your pocket, you had the medicine to save her, would you give it? You would!

Or you're on a mountain road in Yugoslavia. It's ankle deep in snow, and knife-sharp felled ice tears at the half bare feet of the guerilla fighter struggling on his way. On his way—if you please—to blow up a railroad bridge and

plunge a trainload of Nazi troops and supplies to destruction. Would you give him a pair of shoes to help him on his mission? And how you would!

The magic carpet whisks you, this time, right back here to our own town for the moment. A scared, sullen girl stands before a justice of the peace. Another case of war-time "juvenile delinquency." Father in service. Mother in a factory. Clearly a girl who needs help, guidance, counsel. Would you give it if you could? Well, you can!

All aboard . . . for the South Pacific. A God-forsaken post populated mostly with Marines and mosquitoes. It's raining. There's nothing to do between sessions of killing Japs. Suppose you could provide the boys with a swell show . . . one of Hollywood's top-flight entertainers, in the flesh. And pass out cigarettes, chocolates, "cokes." Give a party for the guys who are fighting your fight. Would you? You would!

Next stop . . . China. The rubbled

remains of a little village visited once again by the "Sons of Heaven." They're freezing for lack of fuel, starving for food, dying because there isn't any medicine to fight disease. For five years they've been our fighting allies, and the Japs haven't licked them yet. Would you help them to keep on fighting . . . on our side? Would you? You would!

On and on it goes . . . the world around. And that is why this new, simple, stream-lined, efficient way to help has been created. Our community's war fund in which the National War Fund participates. Your personal "magic carpet" is a check that whisks your dollars and your mercy everywhere they are needed. And . . . you give once and for all! In one stroke of your pen you help to keep our fighting allies fighting, you help to provide for local needs right here at home, you help to keep up the morale of our fighting forces throughout the world through the USO. Seventeen War Agencies and our own local agencies are banded together to do these complex, global jobs. Figure out what you'd give each agency. Add it up . . . and double it! And when the drive comes, give. It isn't for "charity" . . . it's for Victory.

HULMEVILLE

In honor of her birthday anniversary Mrs. Joseph Darrah, a former resident here, was tendered a card and handkerchief shower in honor of her birthday anniversary today. The shower was arranged by members of the Ladies' Aid Society of Neshaminy Methodist Church.

A masquerade party is arranged for Thursday evening in the social hall of the Methodist Church for the primary department.

High Efficiency in The 'Row' Offices Has Resulted Under Republican Administration

Continued From Page One

and records dating from 1684 up to 1920. It took three years to complete the first part of the contract and the company plans to complete the balance of the system by 1946.

Many thousands of dollars were spent in installing the system, but it is regarded as well worth every penny expended.

Scores of attorneys and other people visit the Recorder's office daily. As much as \$25,000 is turned over to the county each year by this office. In fact, so many people use the offices of the Recorder that the space is far from sufficient at the present time. But the new index system makes work quicker and is far more convenient.

No time is wasted by people searching for data in this office.

James Jellett, affiliated with the Pennsylvania State Game Commission, who was working in the Recorder's office when a Courier reporter was present, stated that he travels in practically every county in Pennsylvania and that nowhere is there a finer system than the system installed here.

"Bucks county taxpayers can be proud of the manner in which the Recorder of Deeds office is being operated," Jellett declared. "There simply is no better system anywhere."

Attorney Charles Orrt, of Quakertown, volunteered this statement. "The new index system in this office is the best improvement that ever happened in Bucks county."

In addition to the new index system, all books that needed it have been repaired and recovered. "In some counties you really have to take a bath after working for fifteen minutes in a Recorder's office," another attorney commented. "That's not the case in Bucks county. I'm glad to say."

A visit on the part of a taxpayer to the Recorder's office will also convince him that the employees there are "one happy family." Recorder Randall has always conducted his office on the policy of having every employee satisfied by making working conditions as pleasant as is humanly possible. The answer is efficiency.

The office of Recorder of Deeds does not change leadership this year as some "Row" offices do.

Similar improvements have also been made in the office of Register of Wills Edward B. Watson, where a new general index system was installed under the supervision of Deputy Register Harry S. Hobensack, whose expert knowledge in this office dates back a number of years. The system was installed by Hall & McChesney, of Syracuse, N. Y., and although not as elaborate as the system in the Recorder of Deeds office, is sufficiently satisfactory.

In the Register's office all official business dating back as far as 1684 and up to 1940 has been reindexed and the remainder of the indexing is now under way. Book recording machines are used in this office as they are in the Recorder of Deeds and the office of the Clerk of Quarter Sessions Court.

The term of Register of Wills Watson expires this year. The Republican candidate for the office is Marvin Keller, of Newtown.

In the Register of Wills office, as in all other county "Row" offices.

Conditions in China Are Discussed Before Women

PERKASIE, Oct. 25—The Woman's Club of Perkassie opened its new club season at a meeting in Fraternity Temple, Wednesday afternoon, when a talk on conditions in China was featured.

In opening the meeting, Mrs. Russell Crouthamel, club president, outlined the program for the year.

Committee reports were entertained from Mrs. Samuel Benner, membership; Mrs. W. M. Bittle, parliamentarian; Mrs. William Kramer, Welfare, who included a statement that 102 garments as well as cash were donated to the needlework guild; Mrs. W. O. Hunsicker, conservation; Mrs. Raymond Cope, salvage; Mrs. D. DeLancey, Mrs. Harry Duncker, and Miss Adeline Frederick, Sellersville committee; Mrs. Melvin Freed, finance; Mrs. C. T. Moyer, War Service.

Discussing the topic, "Things As They Are in War-Torn China," Dr. William Henry Webb, guest speaker for the day, traced the history of American aid to China over a fifteen-year period based upon observation while there serving as a missionary of Christ. Following his address, members discussed in open forum fashion the problems of China, with emphasis on its present needs. The speaker was introduced by Mrs. Leroy Kulp, program chairman, who likewise presented Mrs. Vera Landis Kerr, who sang several numbers.

GRAND THEATRE
Dealing with the native Caribbean belief that the dead can be brought back to an automaton-like life, "I Walked With a Zombie" offers a novel and spine-chilling type of entertainment to picture-goers enacted by a notable cast headed by James Ellison, Frances Dee and Tom Conway.

Most of the action of the unusual film is laid on a little island in the West Indies, where Paul Holland, a sugar planter, lives with his wife, Jessica, and his half-brother, Wesley. Jessica is supposed to be a victim of an unusual tropical fever which has left her unable to speak or think; she is virtually a robot. And it is to take care of her that nurse, Betsy Connell comes to the island, only to plunge into a maelstrom of hidden jealousies and furtive enchantments.

BRISTOL THEATRE
A mighty sea story that will stir you with its gripping scenes of adventure aboard a gallant fighting ship, is "Destroyer," which opened yesterday at the Bristol Theatre, starring Edward G. Robinson and featuring Marguerite Chapman, Glenn Ford and Edgar Buchanan. It is spectacular drama indeed, heart-warming and breath-taking at the same time, as we are brought close to the magnificent men who stalk the enemy in a fast, aggressive ship that was born to fight.

RITZ THEATRE
Dorothy Lamour can keep her sarong and Hedy Lamarr her lurong.

During the production of "White Savage," Maria Montez let it be known that she had absolutely no intention of usurping whatever questionable rights the other two mistresses of glamour may claim to the familiar South Seas setup.

Maria has a creation of her own for her new role as a native princess in the Technicolor production now at the Ritz Theatre.

We thank Thee, O God, for the opportunities of a new week. All time is in Thy hand, and Thou dost extend it unto us in accordance with Thy Will. Open our eyes to the truth that time spent apart from Thee is time wasted. Make us ever cognizant of the truth that time may not be recalled; that a moment lived is gone forever. Help us so to live that all our time may be spent in accordance with Thy Will. Help us to live the days of this week so that Thy Name shall be glorified and Thy Kingdom advanced. Through Jesus Christ our Lord. Amen.

Building Associations INCOME

Interest rates for the past ten years on safe investments have been lower than in the previous forty years.

For that reason Banks can no longer pay depositors 3% and 4% on Savings accounts.

For that reason Bonds of the States and Municipalities can no longer be purchased at attractive interest rates on new issues.

For that reason sound and safe Bonds of going Corporations are no longer paying coupons at 5% and up on their new issues.

For that reason new devices have been developed along Building Association lines whereby the investor saves his money but earns less income.

However, the Building Associations operating on the original plan and by safe and sound management have not changed. Their earnings are better than ever and their safety is greater than ever.

The original Building Association plan, tried and tested in good times and bad, is still the best and most profitable for the wage earner.

BENSALEM HIGH HOLDS BRISTOL HIGH ELEVEN TO SCORELESS TIE; BRISTOL FAVORED TO WIN GAME

CORNWELLS HEIGHTS, Oct. 25.—The Bristol high school eleven received quite a jolt here Saturday afternoon when it was held to a scoreless tie by a smaller Bensalem township high school team. The favored Bristol high Bunnies were outplayed in three quarters by the Owls who passed up four scoring opportunities with the Bristol goal line in sight.

The Bensalemites had an even dozen first downs to its credit while holding the Bunnies to eight. However, the Cornwells boys made their downs by ripping the Bristol line apart and wonderful interference on end skirts. On the other hand, Bristol's first downs were mostly the result of its passing attack which went into full bloom in the late stages of the game.

In fact, it was these passes which gave the Bristolians its only scoring opportunity when they reached the 15-yard line of the homesters. Following a Bensalem kick, Elmer was downed on his 31 yard line. On the first play, Marvin Collins whipped a pass to Leo Fiorelli who caught it at midfield. Fiorelli went back to throw a pass. He was trapped but got away and reached the Owls' 39 yard line before being dropped. Two passes failed and then Collins rifled a long aerial to Johnson who was downed on the 22-yard line. After one pass met with failure, Fisher caught one but failed to gain yardage. Collins then threw a low one to Elmer which gained 8 yards. On the fourth try, another pass was attempted and Bristol lost the pigskin.

That was the only scoring chance Bristol had for most of the time the ball was in its territory with the Bensalem backs making consistent gains through the Bristol line. On one occasion, a 15-yard penalty practically prevented a score for the Owls and on the other tries, only the courage of the Bristol team stopped the hard-hitting proteges of Coach Mack.

The first of these opportunities took place immediately after the start of the contest. Bristol was the receiver and after two plays, Stan Sharpe recovered a Bristol fumble on the Bunnies' 40-yard line. Johnson cracked center for a trio of yards. Stackhouse lost three yards but made it up by making 18 three-footers on the next play, placing the ball on Bristol's 21. Hughes pounded center for three yards but three more plays failed to produce with Iannucci stopping two of the plays. On the fourth down, Dean tossed a pass which eluded Lombardo.

Bristol made a first down when McDevitt got off for nine yards following two short gains but that was all and a kicking duel took place between Collins and Dean. Before the first session was over Bensalem, with Stackhouse leading the attack, reached the Bunnies' 22-yard line again but were held for downs.

Bristol's only "bright spot" at the start of the second half were first downs clicked off by Elmer and Oriola, the latter making a 15-yard run but this was overshadowed by another Bensalem scoring threat. Following a boot by Collins, Stackhouse ran the ball back to his 30 yard line. LeRoy Johnson

broke loose on a tackle play and drove down on the mid-field stripe. Dean carried the ball on a reverse from Stackhouse and added 10 yards before being stopped by Mandlo.

Stackhouse could not shake loose Centonzi and was halted after a two yard gain but he followed by making a first down on the next play bringing the ball to Bristol's 25. Johnson was stopped in his tracks but that Stackhouse boy broke off again for another first down on Bristol's 14. A Bensalem fumble followed and on the bottom, a Bristol boy was on top of the ball, stopping the threat.

Bristol continued to be in the dog-house as Collins' punt was carried back to the 21-yard line by Stackhouse. Fallon stopped Johnson on the first play but the Bensalem backfield man gained three on the next. Stackhouse was tackled by Mandlo without a gain and on the fourth try, a pass was grounded.

A long pass, Foster to Lombardo, appeared to be disastrous for Bristol in the third period but the Bristol line held on its 35 and forced a short kick. The Owls started another threat following Collins' return kick to the Bensalem 48. Johnson and Stackhouse hit the line twice to net five yards.

Dean threw a pass to Stackhouse who got away to Bristol's 33 before Elmer brought him down from the rear. Johnson and Hughes gained five yards on two plays and Johnson made it a first down on Bristol's 21 but the play was recalled when Geiges was detected holding and a 15-yard penalty imposed. McDevitt intercepted a pass on his own 30 as the third session was brought to a close.

Bristol took charge of the situation in the final period and ruled the entire 12 minutes.

The running of Arnold Stackhouse, backfield ace, of the Owls was the feature of the game. Joe Centonzi did fine defensive work for the Bristol team while Geiges and Lombardo did fine work on the defense for the home team.

Next week, Bristol meets Langhorne in a Lower Bucks match while Bensalem travels to Morrisville in another Lower Bucks classic.

Here and There In Bucks County Towns

Continued From Page One
ship Parent-Teacher Association in the Edison school building, Thursday evening, some interesting information concerning Bucks county.

Mr. Gruber told the group that he has learned much about the history of the county in his travels, and briefly he related how the county seat had been changed on several occasions.

He also commented upon transportation, and explained that in the early days of the county boats were used to convey iron ore from the upper part of the county to Philadelphia. Later these boats were used when Washington crossed the Delaware river. Mr. Gruber also described how the canal had been constructed to carry coal to Philadelphia.

Townships in the vicinity of Penn's Manor were among the first to be established in the county, said Mr. Gruber.

Before the talk by Mr. Gruber several reels of motion pictures were shown by the principal, Paul W. Kutz, who used the recently purchased projector.

The Sellersville Kiwanis Club de-

voted its meeting Thursday evening to football, with the program in charge of Russell K. Shelly, manager of the Greenjackets football team, with James Heller, athletic instructor at the Bethlehem high school, as the guest speaker.

Mr. Heller spoke of "Twenty Year of Helping Boys Play," directing his address especially to the 25 members of the Sell-Perk high school football team, who were guests of the club at this dinner meeting. He also complimented the Kiwanis Club for its interest in boys, shown by giving this annual football dinner.

The boys were introduced individually by B. Earl Druckenmiller, athletic director of Sellersville-Perkasie high school.

Lloyd Frederick and Henry Benner, members of the board of governors of the Sellersville Greenjackets, were guests.

The accident for which the plaintiff claims damages occurred on December 3, 1942, when a station wagon, owned and driven by Woodbury and in which the plaintiff was a passenger, collided with a truck owned by Wilmer Frederick and operated by Charles E. Frederick on the Ridge road, near Pineville. Since the date of the accident, Nathan Woodbury died.

Joseph Kaplan, attorney, 1211 Chestnut street, Philadelphia, has filed suit against Page & Shontz Bus Lines, 1227 Juniper street, Quakertown, and Bert Shontz and John Page, individually, of the same address, for \$283.03 for professional services rendered from July, 1942, to date. The bus line was established during the past Summer to operate between Doylestown and Quakertown via Perkasie and Sellersville.

Indignities to the person and cruel and barbarous treatment were given as the reasons for seeking a divorce by Johanna E. Hill-

man, 740 N. Pennsylvania avenue, Morrisville, from John W. Hillman, 5 Western avenue, Morrisville. Clyde H. Haring, Plumstead township, charges his wife, Rheda C. Haring, 114 Lincoln street, Easton, with desertion from March 9, 1942. The couple were married in Easton, March 30, 1940.

Old Friends on Strange Streets

OFFICERS and men of the U. S. Army call these the "fighting trucks." They move with the troops. They were built for battle. They are cross-country carriers for arms and men. They are the military team-mates of your friends, the Dodge trucks that haul milk and steel and coal in the U. S. A. They are now in battle action on many fronts. They are the result of years of close co-operation between the U. S. Army and Chrysler Corporation.

The Battle Vehicle of Mercy

Doctors, nurses and patients know these vehicles of mercy. They serve on the battle fronts. Night and day, they perform their errands of speed and risk bringing rescue and comfort with them wherever they go.

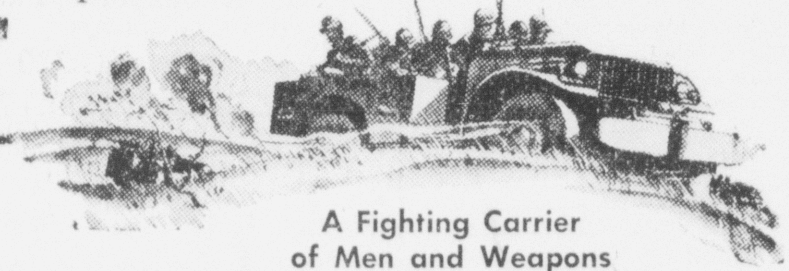

For Command and Reconnaissance

Through its two-way radio equipment, Army officers can locate and report enemy positions, can link up the fighting units of our own forces. This Command Car is low to the ground and hard to see in action.

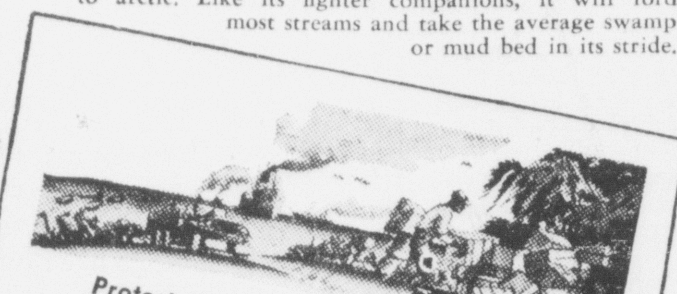

The "Big Shot"

This big job among the fighting trucks carries larger loads of men and weapons. It is an essential mover of heavy guns as well as troop detachments with their personal weapons and supplies. These big fighters are also capable of fast stump-bumping travel across rough and treacherous country. They, too, have demonstrated Dodge dependability as they work, day and night, for victory in actual battle abroad.

A Fighting Carrier of Men and Weapons

With its cargo body and side seats, this fighter truck can also mount guns for attack and defense as it moves with men and munitions into battle. Its big Dodge engine will serve efficiently in every climate from tropics to arctic. Like its fighter companions, it will ford most streams and take the average swamp or mud bed in its stride.

Protected... Even if Dumped Into the Sea

Pictures coming from invasion battle areas show tumbled boxes—containing vital parts for battlefield repair of fighting trucks. Repair parts are packed by Chrysler Corporation to protect them against moisture—even if dumped into the sea.
